Forecast for Sunday 26 May 2024

Weather: A generally cloudy day with occasional, mainly light rain and some hill fog, perhaps the odd heavier burst, but some drier spells too. Cloud probably breaking to allow some sunny intervals later in the day but with the chance of a thundery shower.

Chance of cloud-free hill tops above 800m: 40% increasing 70% later.

Low cloud and visibility: Cloud rather persistent above 750-900m but breaking for a time later. Lower cloud returning in the evening, perhaps down to 500m. Visibility variable, often good away from cloud, but poor in any heavier showers later.
